

# Architecting The Future

HEVOLUTION

Global  
Healthspan  
Summit 2025

---

4-5 February 2025

Four Seasons Hotel Riyadh at Kingdom Center (Saudi Arabia)

## A platform for action

---

Hosted by **Hevolution Foundation**, the second edition of the **Global Healthspan Summit** will bring together key stakeholders in the global healthspan space to facilitate action-based conversations and drive impact around catalyzing research, entrepreneurship, investment and international collaboration in the emerging field of healthspan science. This action-oriented Summit is guided by **Hevolution Foundation's** vision to extend healthy lifespan for all of humanity.

We believe that we are at a critical juncture for decision-makers, investors, policymakers, governments, scientists, economists and investors to come together to create impact around the discussion of healthspan. The time to create momentum and find new solutions to accelerate healthy aging is now.

The **Global Healthspan Summit** is a platform for action. Across two pivotal days, the Summit will bring together leading minds to discuss the latest insights, facilitate networking and exchange knowledge.

---

## What to expect at GHS 2025

---

Join the movement to advance the global healthspan movement through informative discussion, intersectional thinking and expert insights across 5 key themes:

### The Macro Case

What next?

### State of the Science

Where do we stand?

### Ecosystem Trends

How do we develop the ecosystem?

### Radical Change

What will it take?

### The Long View

Where will this lead in the future?

## Innovating for a new age

**2000+**  
Participants

**4+**  
Stages

**100+**  
Speakers

**70+**  
Sessions

## Who will attend:

- H** Scientists, academics, clinicians and drug developers pushing the frontiers of what is possible
- H** Global investors, business leaders and entrepreneurs
- H** High-level government officials, policymakers and regulators
- H** Thought leaders and advocates promoting healthspan for all
- H** News and media covering the space of healthspan, science and innovation

**4-5 February 2025**

**Four Seasons Hotel Riyadh at Kingdom Center (Saudi Arabia)**

## Architecting The Future to:

### Accelerate

healthspan science

### Amplify

the importance of healthspan  
on the global agenda

### Ignite

action across all  
relevant disciplines

### Trigger

radical change  
in the ecosystem

### Empower

the next generation  
of scientists

## About Hevolution

### We are catalyzing the shift from lifespan to healthspan

Founded on the belief that every person has the right to live a longer, healthier life, **Hevolution Foundation** is a global catalyst, partner, and convener on a mission to drive efforts to extend healthy human lifespan and understand the processes of aging. With a focus on aging as a treatable process, **Hevolution Foundation** aims to increase the number of aging-related treatments on the market, compress the timeline of drug development, and increase accessibility to therapeutics that extend healthy lifespan, also known as healthspan.

A global non-profit organization headquartered in Riyadh with a North American hub and an annual budget up to \$1 billion, **Hevolution Foundation** plans to open offices in other global locations to support a cutting-edge, global ecosystem of talent to propel aging and geroscience research forward and achieve medical breakthroughs to help humanity live healthier, longer.
